Indiana Patient Registry  
for collection of data on  
Trauma and Rehabilitation patients.

  
Indiana State  
Department of Health

**INTEGRATIVE INFORMATION**

Indiana Patient Registry allows for the integration of information across the entire medical community, allowing for evaluation of patient care from pre-hospital, ED, trauma center, acute care, and rehabilitation. Individual entities only have access to patients for which they provided medical care.

Working with the medical community, Indiana keeps its focus on ease of data reporting, so that the data can be analyzed for quality of patient care, improvement of patient care, and reduction of mortality and morbidity across the state from traumatic injury.

For Indiana Patient Registry concerns, please contact the Indiana State Department of Health (ISDH) Division of Trauma and Injury Prevention by e-mail at [indianatrauma@isdh.in.gov](mailto:indianatrauma@isdh.in.gov)

**PLEASE READ THIS PRIVACY STATEMENT CAREFULLY**

By accepting this Data Privacy Statement, you agree to keep the information contained within this site private and confidential. Any reporting or exporting of data must be done securely using industry standards and best practices for data privacy and adhering to all applicable federal and state data privacy requirements. It is the responsibility of the user to ensure that all applicable requirements are adhered to.

The State has taken steps to ensure that all information contained within this site is secure to protect against unauthorized access and use. All information is protected by our security measures, which are periodically reviewed. Information is protected through the use of passwords, strictly controlled server access, physical security of the hosting site, and 128-bit SSL encryption.

Although the State can assure the security and privacy of the data that has been submitted, we have no control over how individual users may handle their own data, either before or after they have submitted data. In order to protect the security and privacy of your records before or after you have submitted data, we recommend adopting the following procedures/practices:

- 1) Do not send incident records via email. Email does not offer the same level of security as submitting data via the internet to the ImageTrend Trauma Bridge because it is not encrypted.
- 2) Only assign user names and passwords to individuals who have responsibility for the ImageTrend Trauma Bridge.
- 3) Regularly change passwords.

# Report Writer

The screenshot displays the 'Report Writer' interface of the ImageTrend Patient Registry. The browser address bar shows the URL [https://indianatrauma.isdh.in.gov/report\\_writer/reports/default.cfm](https://indianatrauma.isdh.in.gov/report_writer/reports/default.cfm). The navigation bar includes links for 'Facilities', 'Data Exchange', 'Report Writer', and 'More'. A user greeting 'Welcome, Ramzi Nimry' is visible, along with 'Administration' and 'Logout' options, and a counter showing '0'.

The main header features the 'IMAGE TREND PATIENT REGISTRY' logo. Below this, a 'Create a Report' button is present. A search bar is located under the button. The left sidebar is divided into two sections: 'My Reports' and 'All Reports', each with expand/collapse icons.

The application header includes navigation links: Facilities, Data Exchange, Report Writer (selected), and More. A user welcome message 'Welcome, Ramzi Nimry' is visible, along with links for Administration and Logout, and a user ID '0'.

The main content area is titled 'Create a Transactional Report'. It includes a small icon of a report card and the following details:

- Facility:** Facilities, Users
- Incident:** Follow-Up, Performance Improvement, Rehabilitation, Rehabilitation, State/Region Incidents
- Test:** Data Element, data element bridge, Data Section

A left-hand sidebar provides navigation for reports, categorized into 'My Reports' and 'All Reports'.
